Common Sense About Eczema and Eruptions!

Here's Something About S. S.S. That You'll Be Glad to Hear.

You might just as well know it right now,—the cause of skin eruptions, pimples, blackheads, boils and so on, is right in the blood. There is no getting away from it. Science has proved it. We proved it. You can prove it. When the cause of skin troubles and eruptions is in the blood, it isn't com-

S.S. is a scientific blood cleanser,—it drives out the impurities which cause eczema, tetter, rash, pimples boils, blackheads, blotches and other skin eruptions. When these impurities are driven out, you can't stop several very nice things from happening. Your lips turn naturally rosy. Your eyes sparkle, your complexion clears. It becomes beautiful. Your face looks like that of a prosperous, ruddy, well-fed, refined gentleman, or if you are a woman, your complexion becomes the real kind that the whole world so admires. S.S. is also a powerful body-builder, because it builds new and more blood-cells. That's why it fills out sunken cheeks, bony necks, thin limbs, helps regain lost fiesh. It costs little to have this happen to you. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more sconomical.
